

AHMAD RAFIQUE

CEO

Current Role

As CEO and founder, Ahmad has ultimate responsibility for all aspects of SSG. He is a mission oriented team player with a proven ability to establish and negotiate the contractual agreements of the company, as well as developing innovative contracting approaches to achieve positive outcomes for clients.

Ahmad ensures the company's service, quality and environmental standards are maintained in line with the relevant documented systems including the appropriate procedures, specifications

and verbal instructions as may be given by the management team and its designated representatives.

He focuses in leading his management team to promptly identify, prevent and successfully resolves any business-related issues, or opportunities for improvement. A highly educated professional, Ahmad has a wealth of knowledge across all aspects of operational security, business development, and service delivery excellence.

Experience

Ahmad has concentrated his career on developing an in-depth understanding of security operations and contract management techniques within the security industry.

In previous security roles, Ahmad worked up the ranks from a security officer through to operational management with the following responsibilities;

- Full operational control of the rosters, assigning officers to contracts and ensuring full capacity at all times
- Development, design and implementation of new working procedures and policies.
- Management of all operational personnel to ensure compliance and sustain the highest level of service delivery
- Overall Responsibility and accountability for all contracts.
- Ensuring company and employee compliance with all Health & Safety regulations.
